

Château Olivier

GRAND CRU CLASSÉ DE GRAVES

CHARACTERISTICS OF THE 2010 VINTAGE

IDEAL WEATHER CONDITIONS IN SUMMER

A harsh winter followed by a rather timid spring resulted in a late start to the vegetation cycle. The warm and particularly dry summer allowed the grapes to grow in perfectly healthy conditions and reach ideal ripeness levels whilst conserving their aromatic freshness.

AROMATIC, RICH, WELL STRUCTURED WINES

Château Olivier was thus able to optimise the aromatic potential of each grape variety by harvesting on a case by case basis – plot by plot, row by row... This year, the grapes were only picked in the mornings. This maintained the freshness required for them to conserve their best aromas.

TASTING

This wine's very elegant blackish colour boasts all the characteristics of a great vintage. The bouquet is appealing. On the palate the explosion of strawberry, blackberry and raspberry flavours combines with light, pleasantly silky tannins. The overall impression is smooth and fruity.

The finesse of the cabernets and the roundness of the merlots once again turn out to be perfectly complementary. This is a great, racy wine, a perfect expression of its deep-gravel terroir and a wine that offers a new dimension.
